U. S. ORDERS RUSS CHINA TO END WAR

PEACE PACT USED FIRST TIME

By UNITED PRESS
Secretary of State Henry L. Stimson has put the Kellogg anti-war pact to its first real test. He has invoked the power of the world's opinion in an attempt to influence Russia and China to settle their controversy over the Chinese Eastern railway without further bloodshed.

He sent a remonstrance to both China and Russia warning them of international disapproval, and urged all other signers of the Kellogg treaty to do the same.

Great Britain and France complied immediately, sending identical remonstrances to Moscow and Peking.

Meanwhile an armistice prevailed along the Manchurian border. It appeared the Manchurian government was willing to restore the status quo ante of the railway as a preliminary to peace negotiations. Peace delegates reached Harbin from Mukden to arrange the pourparlers.

An ominous report from Harbin said that if the peace attempt failed a concerted Soviet attack the entire length of the Manchurian border would be renewed.

STIMSON INVITES NATIONS TO WHITE

WASHINGTON, Dec. 2.—UP—Secretary of State Stimson today revealed he had remonstrated with Soviet Russia and China against hostilities in Manchuria and had invited 53 signatories of the Kellogg anti-war pact to act similarly.

The procedure adopted by Stimson to make the renunciation of war treaty effective is a mobilization of public opinion on the grandest scale in history. The United States acted independently in communicating with Nanking and Moscow, but had discussed the move previously with Great Britain, France, Germany, Italy and Japan.

Because of reluctance to define the Manchurian conflict as "war" Stimson based his complaint, upon article two of the pact which says:

"The high contracting parties agree that the settlement or solution of all disputes or conflicts of whatever nature or of whatever origin they may be, which may arise among them, shall never be sought except by pacific means."

E. B. BULL ON PLAN GROUP

MARTINEZ, Dec. 2.—E. B. Bull of Richmond, was among those named by the Board of Supervisors to serve on the Contra Costa County Planning commission today.

The commission comprises the following: O. K. Smith, Martinez; E. Leo O'Hara, Antioch; J. P. Connors, Crockett; Otis Lovelidge, Pittsburg; E. B. Bull, Richmond; and ex-officio A. B. Tinning, district attorney; Ralph R. Arnold, engineer, and Supervisor Oscar Olson.

Woman Pays \$30 For Speed

Miss Alice Ahern, of Port Costa, was fined \$30 when she pleaded guilty to a charge of speeding 45 miles an hour in a 15 mile zone before Justice of the Peace Arthur Alstrom yesterday.

\$10,000,000 For S. F. Yule Shoppers

SAN FRANCISCO, Dec. 2.—(UP)—Amounts released to 227,309 members of "savings clubs" by San Francisco banks were reported today to total \$10,000,000. It was estimated that the greater portion of this will be spent during the Christmas shopping season.

Pola Negri In Tax Net

TOO MANY reductions were made in her income tax report according to demands which have been made on Pola Negri, screen actress by Federal income tax collectors.

NEW CONGRESS RUSHES SLASH IN TAX RATE

WASHINGTON, Dec. 2.—UP—The administration's \$110,000,000 tax reduction proposal got a speedy start as the Seventy-first Congress re-assembled today for its first regular session, with prospects it would be ready as a Christmas gift to the nation.

The joint resolution providing a one percent cut on income taxes payable next year, affecting normal and corporate taxes, was introduced in the House today.

The committee will report the measure to the House tomorrow, where it will be taken up Thursday with prospects of passage on that day.

Start of tax reduction in the House was the outstanding feature of the re-convening sessions which were perfunctory. Both houses adjourned out of respect to the late Senator Warren, of Wyoming.

Message Soon
President Hoover's message will be read to both Houses Tuesday, after which they will get down to work on numerous matters which probably will keep them here until summer.

The proposed tax reduction is for one year, affecting taxes payable next year on incomes of this year. The resolution presented (Continued on Page 5)

Guard Slayer Dies In Chair

BOSTON, Dec. 3 (Tuesday)—(UP)—Charles Trippi, Jr., 22, convicted slayer of prison turnkey Frederick Pfleger, died in the electric chair at Charlestown state prison today.

Trippi went to the chair at 12:06 p. m. and was pronounced dead at 12:10 a. m.

Trippi received the death penalty for shooting Pfleger to death in an attempted escape from state prison on Armistice Day, 1928.

Except for the pants, which were a total loss, there was no damage reported.

When G. Glorati, who lives at Forty-second street and Florida avenue, went to bed last night, he stuck his pipe in his trousers before disrobing. But according to the fire department Glorati forgot to extinguish the pipe.

The result was that at nine o'clock last night, Richmond firemen rushed to the Glorati home and extinguished a small blaze.

The alarm was turned in by a member of the family.

Accept for the pants, which were a total loss, there was no damage reported.

WORK ASKED FOR NEEDY OF CITY

At the meeting of the city council last night, the fact that there are a number of people of the city out of employment and in need of work was brought to the attention of the members by a letter from Attorney Earl N. Calfee. He asked that \$10,000 be set aside for improvements, and used in giving employment to men who have dependents.

The letter was referred to City Manager J. A. McVittie, City Attorney T. M. Carlson and City Superintendent of Streets E. A. Hoffman, for their consideration, to see what could be worked out.

The letter from Attorney T. N. Calfee reads as follows:

December 2, 1929
To the Honorable Mayor and members of the City Council, Richmond, California.

There are a great many of our fellow townsmen who are at the present time out of work and unable to find employment.

Several of our industries have temporarily or partially (Continued on Page 5)

VETS PLAN YULE PARTY

Plans for a Christmas party for veteran's children on Dec. 21, were made at a meeting of the Allied Veterans Council in Memorial hall last night.

The council plans to have a large Christmas tree, presents for the children and entertainment at the party. A musical program will also be presented.

At last night's meeting endorsement was made of the Veterans' hospital to be located in Contra Costa county.

Bottom Falls Out Of Ocean

NEW YORK, Dec. 2.—(UP)—The floor of the Atlantic ocean about 150 miles east of Nantucket, has caved in, according to a report made today by Capt. Davis W. Bone of the Anchor Line Transylvania, which docked here.

Capt. Bone said he had attempted soundings in several spots but could not find bottom. Ordinarily, this sea has a uniform depth of 100 fathoms. The recent earthquake is believed to have caused the cave in.

Guard Mobilized On Mystery Order

NEW ORLEANS, Dec. 2.—(UP)—Artillery and cavalry National guard units hurriedly mobilized here, were preemptorily dismissed late today with no reason being given for the sudden call to arms.

Adjutant General Ray Fleming, in command of State troops, gave the order for dismissal, ending a barrage of rumors that gambling houses were going to be raided, that Jefferson Park race track was to be closed down, and that Gov. Huey Long was preparing for emergencies in case there was any disturbance in connection with Robert S. Maestri taking over the office of Dr. V. R. Irlon, ousted commissioner of conservation.

Carlson At Water Meet

At the conclusion of the city council meeting last night City Attorney T. M. Carlson, left by automobile for Fresno to attend a meeting today of the regulatory water committee of the state legisla-

ture.

Allison is attorney for Ray Barrie's association and will represent this body at the session.

60 PERISH IN EASTERN COLD WAVE

CHICAGO, Dec. 2.—UP—Like a cat tired of playing with a captive mouse, winter finally clamped its icy paw on the midwest tonight and threatened to keep it there for the rest of the week.

Succeeding cold waves for the past several days brought death and suffering only to pass on in swirls of snow. This newest of cold waves, the second to sweep down from the north in 48 hours, however, belched forth from the frozen prairies of Saskatchewan and tonight was centered over an enormous area surrounding Chicago. It will remain until the week-end, weather bureau officials said.

Approximately 60 persons either were frozen to death or perished in accidents directly attributable to the cold.

Steamer Wrecked
The most spectacular of the accidents was the wrecking of the steel-hulled grain steamer Kiowa on the rocks off Sable Point in Lake Superior. Six of her crew, including the captain, were lost.

18 others were rescued by coast guardsmen stationed at the village of Grand Marais, Mich.

So severe was the blizzard sweeping that isolated part of Michigan's upper peninsula that only meager details concerning the rescue were received by radio.

After hours of isolation and intense suffering 75 hunters were (Continued on Page 5)

Business Failure Suicide Cause

SAN FRANCISCO, Dec. 2.—(UP)—Police discovered the body of Leonard H. McKoskey, 60, of San Mateo, in the rear room of his mattress factory here today. McKoskey's dog, Pal, was found standing guard over his master's body.

The dog's vigil has been kept since Saturday, when the mattress manufacturer was thought to have shot himself. Business troubles were thought to have caused the suicide.

Among notes found written in McKoskey's hand was one to Mrs. A. Andrews, an employee, asking her to care for his dog until his wife returned from a visit to Los Angeles.

Arrivals at the Hotel Carquinez yesterday included: Mr. and Mrs. R. C. Vane of San Francisco; Mr. and Mrs. E. H. Lauder of San Francisco; J. C. Schamm, San Francisco; G. M. Kline, Fresno; R. H. Howland, Fresno; M. L. Webb, Oakland; Lee Van Gundy, Fresno; and D. J. Southerland of Fresno.

Richmond Man Sued For \$100,000

GIRL ASKS DAMAGES IN CRASH

Larry Harrison, 139 South Fifteenth street, Richmond, has been named defendant in a suit for \$100,000, filed yesterday by Miss Georgia Ellen Morse, of San Francisco, as a result of the recent Woodland automobile crash.

Miss Morse alleges she was seriously injured and disfigured for life in the crash. In her complaint, Miss Morse, charges Harrison, who was driving, with negligence, and responsibility for the accident.

The accident which occurred between Harrison's car, and one driven by Foster Kelly of Santa Barbara on Nov. 9 resulted in the death of Kelly and Miss Florence Miller, of Colusa, Harrison and H. L. Bonham of San Pablo were also injured in the crash.

Harrison, Bonham, Miss Miller and Miss Morse, were enroute to Colusa, where they intended to hunt ducks over the week-end.

Kelly, was returning to Santa Barbara, after attending the funeral of his wife, who was killed in an accident the week before.

The cars met head on, and Harrison and the two women were badly burned when they were caught under the overturned car.

Four Building Permits Issued

Four building permits were issued yesterday in the office of A. J. Hurley, city building inspector.

S. Savin was given a permit to install two partitions in a brick building on Nevil avenue between Fifth and Sixth streets. The work to cost \$75 will be done by T. F. Lee.

S. A. Sellers obtained permission to tear down a one story barber shop on Macdonald avenue between Fifteenth and Sixteenth streets. S. Scallie is the wrecker.

E. W. McCutchen is to erect a one car garage and storage building on Bissell avenue between Sixth and Seventh streets at a cost of \$150.

The Richmond School board was granted a permit to install a six inch patent flue in a structure on Bissell avenue between Twenty-second and Twenty-third streets. Spierich Brothers will do the work for \$25.

Miss Trainor At City Hall

Miss Edith Trainor, who was recently named city bacteriologist by the Richmond city council, assumed her duties at the Richmond Health Department yesterday morning.

Miss Trainor succeeds Miss Jean Moir, former city employee, who has been named bacteriologist for the county of Monterey with headquarters at Salinas.

Live Wire Kills Steel Worker

SAN FRANCISCO, Dec. 2.—(UP)—A steel worker, Heverin MacDowell, San Francisco, was electrocuted today when he touched a live wire on the roof of a building under construction here. The shock hurled him to the ground, 50 feet below. He died instantly.

Paris Girl Held In Stabbing Of Woman

SAN FRANCISCO, Dec. 2.—(UP)—A cell of the city jail here opened today for a young Parisian artist, a girl who had followed a young American woman around the world only to find the companionship of France terminated by a marriage here.

Miss Daniel Zaco of Paris was arrested on a charge of assault after Mrs. Pauline Smith Rasmussen, former University of California student, had been taken to a receiving hospital to be treated for cuts from a butcher knife.

In her cell Miss Zaco told the

strange tale of a broken friendship that had caused her despair. "I met Miss Smith in La Rotonde, a cafe in Paris where many Americans go," Miss Zaco said. "When the time came for her to return home I told my family that I had to reach America. They gave me money, but cut me off. I gave up my family and my country to follow her. I just can't go on living."

The artist's bail was set by police judge Joseph Golden as \$2500 and he decided preliminary hearing would be held Dec. 9.

EX-CONVICT TELLS OF HOLDUP

PAWNEE, Okla., Dec. 2.—UP—Tom Vernon, 44, ex-convict and one time cowboy and actor in western moving picture thrillers, confessed here tonight that he wrecked a Southern Pacific train, at Saugus, Calif., last Nov. 10, and robbed its passengers according to an announcement made by Deputy Sheriff Thomas Higgins of Los Angeles who trailed the prisoner here from the west.

Vernon denied a second train robbery which occurred under similar circumstances at Cheyenne, Wyo., a week ago. Higgins said, The California officer was accompanied here by Sheriff Horn of Laramie county, Wyo., and Vernon awaits extradition actions to determine which charge he will face first.

Requisition for removal of the prisoner had not been received at the capital tonight. Higgins said the prisoner expressed willingness to face the charge in California without formal extradition but said he would fight against being removed to Wyoming.

Vernon had served time in Pennsylvania, Ohio and three terms in California on theft and forgery charges. He had been released from Folsom prison, Calif., a few weeks before the California train robbery. Plates were loosened in the rails to trip the train from its track. The same method was said to have been used in the Wyoming robbery.

Higgins said Vernon believed his parents were Jim Averitt, "Cattle Kate" who were lynched 40 years ago in Wyoming, allegedly for cattle rustling. The prisoner said he was four years old at that time.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically, and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol's aid always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping." Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling. It is so pure and harmless that it is so easily absorbed by the body. Keep a bottle on hand. Every drugist has this remarkable substance.

EMPLOYEE'S AGE LIMIT TO BE FIXED

SACRAMENTO, Dec. 2.—(U.P.)—Directors of state departments have been asked by Gov. C. C. Young to submit their opinions on maximum age limits to be fixed by the state for various types of employment in the government.

The governor's request follows action by the state civil service commission in increasing maximum age for entrance into state service to 60 years.

Failure of elderly persons to find steady employment is a problem which Governor Young has declared himself determined to remedy—at least in state service.

Steps Made

First step toward giving some measure of aid to old people was taken by the last legislature when the old age relief bill was passed giving \$30 a month to those without means of support. Thousands of applications for aid have been received and payments will start in January.

State officials believe it is a relief a necessary thing, but insist that some more positive means must be sought for caring for "industrial deadwood." Many companies have adopted the policy of "fire at forty" and the state is recognizing that an employment crisis is certain to come if such practice is continued.

"Study by Stanford university of this problem has started and we are hopeful that it will produce some tangible scheme," the chief executive said.

Aid Seen

"Many industrial concerns have signified willingness to cooperate with the state in attempting to find a place for those over 40 years. The problem exists primarily with those persons who are out of work and searching for new fields after they reach 40 years. Too many young men are available and the middle aged are record choice."

"So we must first find a place for those whose work for some reason has been taken away from them and who must start again. Then we must endeavor to discourage firing of employees simply because they have reached middle age."

The state has no age limitations for its employees after they have secured permanent civil service status. Although this works favorably for the employee, the state is now maintaining many workers because there is no means by which they may be retired upon a just and equitable basis.

Care Of Mental Patients Causes State Problem

SACRAMENTO, Dec. 2.—(U.P.)—With mental hospitals filled to overflowing, California is faced with an acute situation in caring for its insane population.

Two decisive steps have been taken by the state—to provide more quarters and to attempt a study of the causes leading to the startling increase in mental disturbances.

State director of institutions, Earl E. Jensen, has submitted a report to Governor Young, setting forth the seriousness of the rapid increase of inmates in state hospitals.

14,298 Cases

On Nov. 1, Jensen said, there were 14,298 cases in state hospitals, an excess population of 1,164. October showed a net increase of 18 for the month.

"All institutions report an increase in number of commitments," Jensen declared.

"Approaching winter and lack of work are two important factors affecting the mentally unstable and result in commitment to state hospital. Work is very scarce during this period, particularly in the south."

Big Problem

"We are faced with an especially difficult problem at the Patton State Hospital. The institution received 38 new commitments during October, and from Nov. 1 to 20 had received 64 newly committed patients."

"The situation is acute. Two basements, heretofore altered and fitted for housing of patients, have again been occupied to take care of the problem."

While the Department of Public Works is going ahead with plans for additional construction of quarters at Agnew Hospital, a commission to study mental hygiene in California is organizing a trained men needed.

Trained psychiatrists will probe into every phase of the cause of mental instability and a complete report is to be submitted to the governor within a year.

Governor Young has consistently urged this more positive course of prevention. Belief that the problem begins in the adolescent stage has inspired the commission to start research among school children. This phase of the subject will constitute a large part of the commission's work and will begin shortly after the first of the year.

New Congress Rushes Slash In Tax Rate

(Continued from page one)

Today is slightly broader than indicated in Secretary of Treasury Mellon's original announcement, in that it provides a reduction from 12 to 11 percent on all insurance companies, as well as other corporations.

The normal tax reductions also affect estates and trusts as well as individuals. Under the proposal, the tax on the first \$4000 of taxable income will be cut from 1 1/2 to 1 percent; on the second \$4000 from three to two percent; and on the balance, from 5 to 4 percent. Similar reductions are provided in the normal tax on non-resident aliens.

Talkies Taken

The first member of the House to appear was Rep. Steadman Dem. North Carolina, the only surviving Civil War veteran in Congress since the death of Warren. The 89-year old Confederate veteran came into the chamber first.

For the first time in history the House got into the "talkies." The newly-made actors sat and moved about under a ghastly glare from a huge light installed in the gallery.

closed down, so that there is no work for these men and as a result of this situation these men and their dependents are in distress.

It would seem to me, that, at this time it would be wise for the City to set aside a sum of Ten Thousand (\$10,000) Dollars or thereabouts for improvements, either in the Street Department or some other department of the city, and these men who have dependents be given employment for three days a week. This would keep the body and soul of the women and children together, shelter over their heads and would bring just a ray of sunshine during the Yule Tide as well as to make the head of the family feel that he is partially a success and not an object of charity nor an economic failure.

Unless one has actually gone and suffered the tortures and the rigors of unemployment and has seen how difficult the climb back to normalcy is after a stretch of unemployment, one cannot realize the importance, the necessity for giving a helping hand to these good people. If they ever needed a friend it is at the present time. By providing employment for the townpeople who are unemployed and who are in straightened circumstances and dire need you will be accomplishing a humane act which will be appreciated by the entire community and set a good example for our sister cities.

Very respectfully submitted,
TSAR N. CALFEE.

RABBIT FEVER WARNINGS GIVEN

SACRAMENTO, Dec. 2.—(U.P.)—Warning against "rabbit fever," or tularemia, was sounded by director of the state department of public health by Dr. Walter M. Dickie in his monthly report to the governor.

So far this year, 15 cases of the disease have been reported in California, Dr. Dickie said.

Hunters, housewives, butchers and other individuals who handle wild rabbits are susceptible to tularemia and should take extreme precautions, the director said.

Care Told

"Rubber gloves should be worn when handling wild rabbits," Dr. Dickie asserted.

"The disease is usually characterized by ulcers, which occur frequently on the fingers, although the ulcers may appear on other parts of the body. Glandular swellings follow appearance of the ulcers and are extremely painful."

"A cold chill, followed by chills and sweats, severe headache, aching pains in the back and extremities, vomiting and marked prostration are typical symptoms."

"The active state lasts for two or three weeks, with marked weakness, prostration and loss of weight. The convalescence is of long duration, sometimes lasting for months and even years."

Slow moving rabbits are to be shunned by hunters, for they are often afflicted with tularemia. Wood ticks and desert flies are to be avoided for they transmit the disease from infected rabbits to human beings.

Tame rabbits are not known to have ever contracted tularemia, Dr. Dickie said.

"Although we do not want to cause undue alarm, we do emphasize the importance of citizens being on guard against the disease," he concluded.

"We had 16 cases last year, with one death, and the 1929 total will probably not exceed that. But prevention is simple in combating tularemia and consequently we are urging everyone coming in contact with wild rabbits to protect themselves."

E. Hitchcock Named Head Of Harbor Masons

Election of officers was held at a stated meeting of the Harbor Masonic lodge in the Masonic hall last night.

Emmett Hitchcock was elected worshipful master, Capt. L. E. Jones, senior warden; Thomas Beadrich, junior warden; E. McIntosh, treasurer, and W. E. Peterson, secretary. The appointed officers will be announced later.

The installation will be held on Dec. 16, with J. E. Hughes as installing officer.

City Natatorium Closed For Winter

The 1929 season of the Richmond municipal natatorium closed Sunday.

According to City Manager James A. McVittie, attendance at the plunge during the past season has been heavy, although exact figures will not be available for some time.

In a few weeks the usual winter, overhauling and painting of the tank will be started. Specifications for the repainting of the plunge are now being prepared by McVittie, and bids will soon be called for. The tank will be reopened about the middle of February.

SENIOR FETE AT HIGH TODAY

Fun will be in order today at Richmond Union high school, for the graduating seniors will hold the semi-annual Senior Day celebration.

The festivities will commence this morning when the seniors come to school in fancy costume. A prize will be awarded to the senior boy and girl wearing the most original costume.

The seniors will present a play entitled "Not Quite Such a Goose" before the Student Body in the auditorium. The "Last Will and Testament" of the graduating class will then be read by Bob Peters. The program will be under the direction of Claude Ford, president of the senior class.

The celebration will be resumed at 6:30 o'clock, when a bean feed will be held by the graduates in the high school cafeteria.

The supper will be followed by a program under the direction of Bob Peters. The talent will be composed entirely of graduating seniors. A song and dance act will be performed by Walter Axelson and a mock spring dance will be presented by Clarence Matthews. Popular tunes will be played by Clyde Bumgarner, and a tap dance will be performed by Gail Kirchmaier. A short skit will then be presented by Bob Peters and Clarence Matthews.

A barn dance will be held by the graduates from 8 to 11 o'clock in the high school community theater. The dance music will be played by members of the graduating class.

The faculty committee in charge of today's celebration consists of Mrs. Ella Easch, Mrs. Marino Ponge, and Louise Alexander. These faculty members will also choose the best dressed senior.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

SPORTS

LOM NAMED ON ALL COAST ELEVEN

SAN FRANCISCO, Dec. 2.—UP—Reflections on what a second all-Pacific coast football team might do to the first team in actual combat provided them, usual intriguing possibilities to night.

With the aid of sports editors of newspapers in the far west that are clients of the news agency, the United Press announced members of the first and second all-star aggregations today.

Backfield men receiving the highest award were Marshall Duffield of University of Southern California, Benny Lom of California, Mack Stennett of St. Mary's and Charles Smaling of Stanford.

Those named as backs on the second team were Leland Egan of California, Merle Hufford of Washington, Russell Saunders of U. S. C. and Elmer Schwartz of Washington State.

These eight men furnished most of the conjecture, although the most hotly contested portion had been center for which place Roy Riegels of California was given the nod over Walter Helnecke of Stanford.

A survey of accomplishments during the past year showed clearly that Duffield, Lom, Stennett and Smaling had merited the honors they received.

The greatest test for Southern California players was against Stanford. In that contest Duffield, a blonde junior from Santa Monica, was the star. His 10 yard pass to Francis Tappan brought the Trojans' only score and gave them a 7 to 0 victory over Stanford. In addition he averaged five yards in 15 times he carried the ball during the game.

Benny Lom of San Francisco reached the top by virtue of his work during the past three years. He was credited with a major part in California's victories over Pennsylvania and U. S. C. He has mixed short and long passes, tricky over field running and long punts.

If Lom and Stennett were playing a game together they would each realize their greatest desire. They have both been handicapped by being marked men but if it is doubtful that any team could smother them both at the same time.

Stennett, from Ventura, has turned in remarkable performances. He has shown passes that netted a gain of from 40 to 50 yards while he was running at top speed and in three games the losses have scored touchdowns. Not one pass has been completed by opponents in his territory. Against Oregon he averaged more than five yards every time he carried the ball and has scored nine touchdowns while playing nine games.

A full back is supposed to gain every time usually by bucking the line, and that is why Smaling, whose home is in Templeton, was picked. Against California in Stanford's major victory, Smaling made a total of 41 yards in 24 times he packed the ball and did not lose ground once.

On the second team Elmer Schwartz has proven one of the best defensive quarters on the coast. Hufford ripped through both California and Stanford and enabled Washington to gain more yards than either of them although his team was beaten in each case. Saunders has shared with Duffield the brunt of the U. S. C. offense and against Stanford he averaged four yards every time he carried the ball. Schwartz is leading scorer of the far west.

Riegels, picked in the California-Stanford game and the result was even. The Californian, however, had the additional duties of being captain of his team.

Ends selected by the writers for the first team were Robert Norton of California, a resident of Pacific Grove, who caught passes that helped in the victories over Washington and U. S. C., and the only touchdown against Stanford and Francis Tappan of U. S. C., and Los Angeles, who received the pass to beat Stanford.

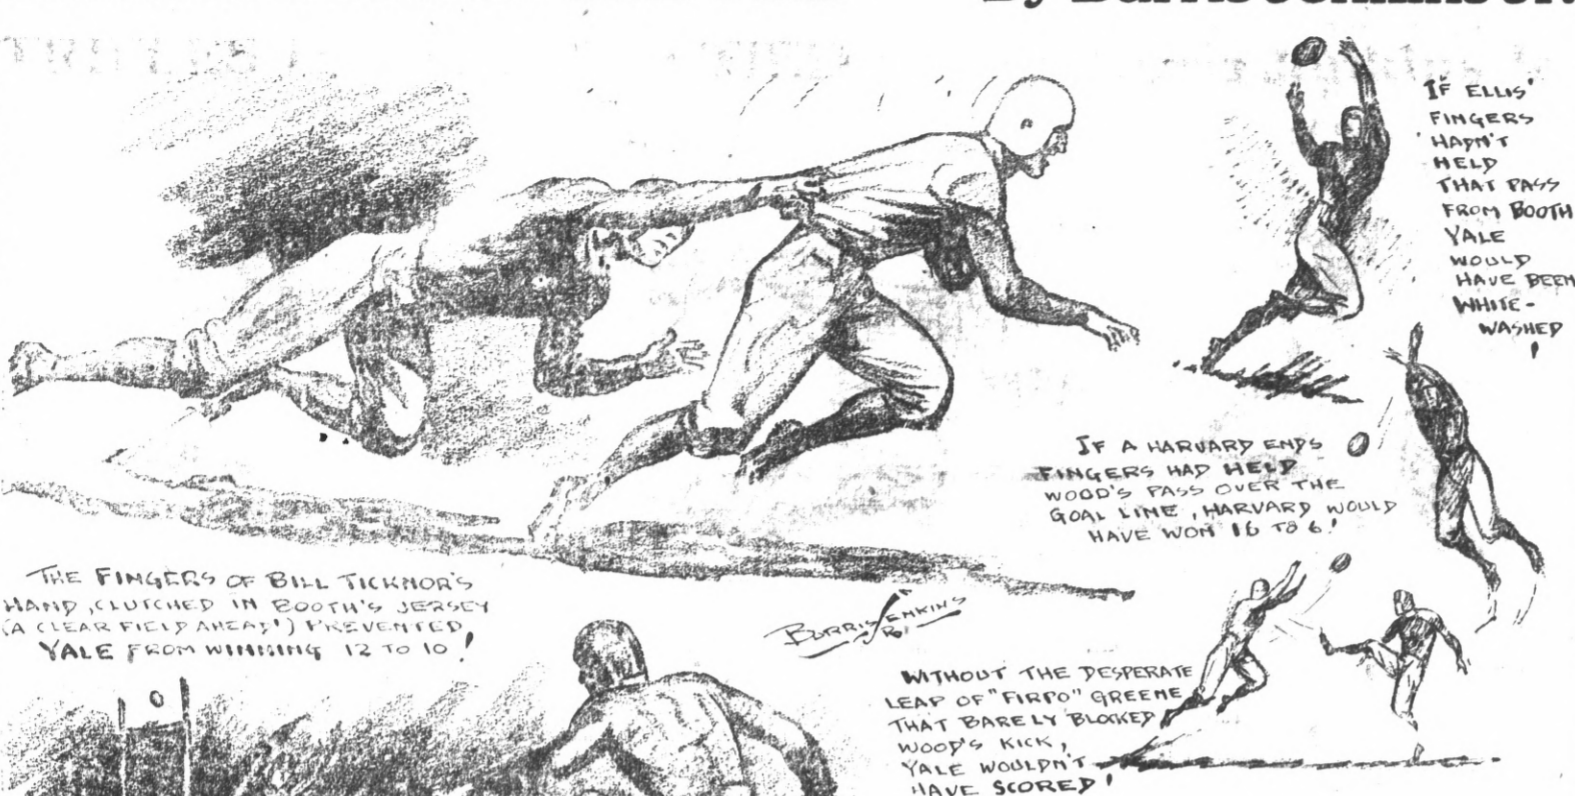

Tackles were George Ackerman of Antioch, the outstanding line-man for St. Mary's and Marshall Shibley, Portland youth playing for Oregon, who made 13 consecutive tackles against Stanford.

Bert Schwartz of California, a resident of Berkeley, and Nate Barrasser of South Gate, captain for U. S. C., were chosen as guards. No player has gained consistently through them this season.

The second team's line consisted of Harry Phillips, St. Mary's, and Donald Muller, Stanford end; Paul Schweitzer, Washington and Charles Stout, Oregon State, tackles; George Christensen, Oregon, and Joe Pitts, California, guards.

OLEUM, NATIONALS, RENEGADES VICTORS IN CITY CAGE LEAGUE

The Oleum Union Oil cagers easily vanquished the Ben Malik city league squad by a 35 to 13 score last night in an A division contest in the city basketball league. The Nationals won a well-fought game over the Mastercraft Roofers in the B division by a score of 19 to 15. The Santa Fe Renegades swamped the Santa Fe Indians 32 to 5 in another B game on last night's card.

The Oleum squad showed exceptional pass work against the Ben Malik squad. The losers staged a hard battle, but were barred by the quick attacks of the Oleum cagers. The Ben Malik players seemed unable to make their shots good, although they possess a good brand of team work.

The game between the Nationals and the Mastercraft Roofers was the closest and most exciting on last night's card. The Nationals established a comfortable lead in the first half, but they had to stage a heroic fight to prevent the Roofers from tying the score during the last period. The odds were practically even throughout the contest.

The Santa Fe contest was extremely one-sided, and the Renegades had no trouble in breaking down the Indian defense. The Indians had a fine passing attack but seemed unable to make their shots count.

Garfinkle and the Studebakers will clash at 8 o'clock Thursday night in an A contest, while the Santa Fe loop squad will play the Furber boys at 9 o'clock the same evening. Mommy's Place and the Civic Center Tires will furnish the action in the B division game at 7 o'clock.

The starting lineup for Oleum last night was: Anderson (9), Thomas (9), forwards; Marini (5) center; Gonsalves (5) running guard; Atkinson (7) standing guard. The Oleum substitute was Nissen, running guard.

The Ben Malik lineup was: Sautella (8), Fowell (3), forwards; Johnson, center; McLaughlin, running guard; Abbott (1) standing guard. The Ben Malik substitute was Livermore (1), forward.

The starting lineup for the Nationals was: Pinto (2), Paoli (6) forwards; Molloy (6), center; Flores (2) running guard; Resalia (1) standing guard. The National substitute was Burg (2), forward.

The lineup for the Mastercraft Roofers was: Jester (10) Duncan (1), forwards; E. Tandy, center; C. Tandy, running guard; Freese (1), standing guard. The substitute for the Roofers was Damon (3), standing guard.

The starting lineup for the Santa Fe Renegades was: Val (2) Ferguson (8) forwards; Ressor (2) center; Meldrum (3), running guard; Brown, standing guard. The substitutes for the Renegades were Arthur (8), forward; Green (2), center; Olsen (7) running guard.

The starting lineup for the Santa Fe Indians was: Antonio (2), B. Antonio (2), forwards; A. Louisa, center; Riley, running guard; Chino, standing guard. The substitutes for the Indians were Hunt (1) forward; Liao, standing guard.

SAN PABLO 9 BEATS EAGLES

Smashing out four doubles and a sacrifice in the ninth inning to abolish the three run lead of the Oakland Eagles, the San Pablo baseball club played to a 9 to 8 victory Sunday. The doubles were made by Ball, Church, Tierney, and Anderson. The sacrifice hit was made by Silva.

An excellent brand of baseball was pitched for San Pablo by Red Ball, but his teammates were not up to their ordinary playing standard. In fact, both teams played poor baseball and the game might have been called a "comedy of errors."

Sunday's contest was the final game of the first half of the Oakland winter league in which the San Pablo club and the Oakland Eagles competed.

FRED MORRISON LEADS PRO GOLFERS

LOS ANGELES, Dec. 2.—(UP)—Fred Morrison, who is recognized as one of the longest drivers on the Pacific coast, topped a field of noted stars in the 36 hole qualifying round of the Professional Golfers' association tournament today, when he finished six strokes under par with a score of 136.

The Southern California open champion, who hails from the Midwick Country Club, Los Angeles, had a par 71 for the morning 18 holes, and clipped off six in the afternoon.

Par 142 was beaten by Leo Diegel of Agua Caliente, Mex., second with 140; Gene Sarazen, of Flushing, N. Y., John Golden of Patten, N. J., and Tony Manero, of Esplanos Low.

Right behind them, sixth place went to Benny Schuler of Worthington, O., who shot a par 112. Al Alcraft, of Youngstown, O., Al Espinosa of Chicago, and Charles Guest of Detroit, were seventh with 143.

Horton Smith's 71 for the morning round was allowed by the committee after it had considered his play on the 18th hole—placing his ball instead of dropping it over his shoulder. The Joplin, Mo., youth shot a 73 in the afternoon, for a score of 144.

The low 32 qualified for the match play which starts Thursday and ends Saturday. The qualifying score was 148.

The Oaklanders were held to only four hits Sunday by St. Caspiana, who contributed a great deal toward the Motor's victory. He was also backed up by first-class fielding.

The Richmondites possessed a hitting complex in Sunday's contest, with homers being banged out by McCoy, Lubetich, and Whetzel. Panella and Figueroa had two doubles each to their credit. The three hurlers for the Oakland team, Fernandez, Vierra, and Mulcahy, were unable to halt the hitting mania of the Motors.

The Thomas Motors have had a sensational season, and will probably be in on the league finals. The Motors lost to the San Pablo club early in the season, but came back stronger than ever to defeat the best teams in the league.

MOTORS TIED IN WINTER LOOP LEAD

The Thomas Motors are now tied with the P. S. E. A. nine for the lead in the first half of the Oakland Winter league, as a result of the Motors' 13 to 2 victory over the P. S. E. A. squad Sunday. A playoff will now be necessary to decide the championship of the first half of the league season.

Sunday's victory came as a big surprise to the fans who have followed the career of the local nine throughout the present season. The P. S. E. A. boys have been playing especially fine ball, having never suffered defeat till last Sunday, when they were completely outclassed by the Motors.

The Oaklanders were held to only four hits Sunday by St. Caspiana, who contributed a great deal toward the Motor's victory. He was also backed up by first-class fielding.

EL CERRITO TO REGULATE TRUCKS

An ordinance regulating the weight and loads of trucks on certain streets will be presented next Monday night according to the report of Street Commissioner Phil A. Lee at the meeting of the city council of El Cerrito Monday night.

The council will meet some time this week as a committee and designate which streets will be used for light and heavy traffic.

An ordinance making it compulsory to replace all openings in streets in the city to their original state within 60 days after the openings are made will be presented next Monday night.

Application of O. Osborne for a soft drink permit for the establishment at 1411 San Pablo avenue was referred to Chief of Police R. R. Cheek for one week.

On the recommendation of Street Commissioner Phil A. Lee the purchase of a truck for the street will be laid over until spring as most the heavy hauling has been completed.

Water Commissioner Peter Larsen reported to the council that 13 people had signed for water service on Fink Lane and that number would pay 1900 feet of pipe without cost to the city.

Larsen also stated the city would receive an estimate of the cost of the water main on Fink Lane this week.

Jack Cright was granted a permit to operate a used-car lot and wrecking yard at 1533 San Pablo avenue.

Eagle Drum Corps of Richmond was granted a permit to hold a dance at Central Hall on Dec. 2.

Request of President Herbert Hoover made through Gov. C. C. Young that the city file an estimate of the amount of money to be spent on improvements for the next six months in the city was laid over.

Mrs. Branton Rites Today

Funeral services will be held from the Wilson and Kratzer chapel this morning at 10 o'clock for Mrs. Gladys Branton, 2639 1/2 Hillgass street, Berkeley, with Rev. K. B. Wallace officiating. Interment will be in Sunset View cemetery.

Deceased was a native of South Africa and was 35 years of age. She was a sister of Mrs. Ida McDowell of Grant and Albert Monk of El Cerrito.

Service Club Council Dinner Set For Thursday

Under the supervision of the Richmond Service club council, a vocational dinner for the benefit of boys preparing to graduate from the Richmond Union high school will be held in the Hotel Carqueinez Thursday night.

The council, which is composed of men from the Rotary, Lions and Kiwanis clubs, has been active during the past semester in aiding the graduating seniors to select their life vocations.

Approximately 30 boys are expected to attend, and Prof. Benjamin Mallory of the University of California, has been obtained as the principal speaker of the evening. Each youth will have as a dinner partner, a business man. Arrangements are being made by Ralph Bergen, Henry Johnston and Reynold Carlson.

EAST IN GRIP OF NEW COLD WAVE

(Continued from Page 1)
rescued after snow plows reached them near Saulte Ste. Marie, Mich. Storm warnings were posted along the shore lines of the Great Lakes and lake shipping virtually was at a standstill.

New Storm
The 13th snow storm of the year dumped eight more inches of snow on the streets of Denver, Colo. Automobile traffic in the city was paralyzed while high winds were blocked in all directions. A sharp wind whipped the storm to the east, smothering much of Kansas and Nebraska in a shroud of snow.

In Minnesota the weather markers dropped down to near zero notches again while a heavy blizzard added to suffering and traffic difficulties.

The weather bureau said that drop probably to four above before morning. A blinding snow storm which started yesterday continued intermittently today and covered streets and sidewalks with slick coatings of ice. Five persons were killed in traffic accidents and many more were injured.

NEW YORK SHIVERS
UNDER SNOW BLANKET
NEW YORK, Dec. 2.—UP—A wet, heavy snow blanketed New York and the east late today, and weather bureau observers described the fall as being a mere interlude between the cold snap of the past week-end and an even more severe frigid spell, due within 24 hours.

Starting as a cold drizzle, changing to sleet and then to snow, the storm began shortly before noon today and tonight the snow was still falling. The snowstorm is general in the east, and may continue for 18 hours or more. The temperature throughout the east hovered about the freezing point, but a rapid drop probably will come tomorrow. The storm was more serious in the Toronto vicinity, where highway officials reported snows from six to eight feet deep.

Icy gales and heavy seas on the Atlantic are impeding the progress of ocean liners. The freighter Sarniadoc, with a crew of 24, was reported in distress today on Lake Ontario. The boat was aground off Main Duck Island, according to reports from Buffalo, and is expected to break up under the pounding of huge waves. A raging storm is sweeping the lake and coast guard vessels are being hindered in their efforts to rescue the stranded freighter.

To Whom It May Concern

This is to notify the public that on the 26th day of November 1929, I sold my cigar and tobacco business at 805 Macdonald Avenue to Daniel Worlow, and will not be responsible for any debts contracted on and after that date.

Bandits Free Kin Of Richmond Man

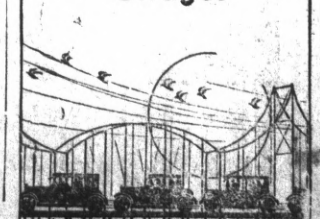

According to news dispatches received from Washington yesterday, Father Ulric Kreutzen, the brother of Frank Kreutzen, 428 Thirtieth street, Richmond, has been freed by Chinese bandits who kidnapped him last month. The report said that Kreutzen, who lives in Calumet, Mich., is safe at Taveh, China, at the U. S. consul. The dispatches did not mention terms of any bargain between Chinese authorities and the kidnapers. The kidnapers first demanded \$10,000 ransom, but later reduced their demands to \$3000.

\$100,000 ASKED FOR RICHMOND HARBOR

Gen. Edgar Jarwin, chief of engineers at Washington, yesterday recommended that the United States government appropriate \$100,000 for new work at the Richmond harbor, along with \$60,000 for maintenance for the next fiscal year. In addition, \$126,218 in unexpended funds according to press reports.

The \$100,000 would be used for the completion of the training wall, and would be matched by an appropriation for the city, according to Mat. E. H. Ropes, San Francisco engineer corps official. The appropriation of \$60,000 for maintenance work is much greater than expected by the city government. It is taken to indicate that the federal engineers are looking forward to the recognition of a 30 foot channel by the government at this session of congress. This would relieve the city of paying maintenance costs for the channels, which are to be dredged under a joint city and federal contract.

Richmond has \$68,250 worth of unsold harbor bonds with which it could match the federal appropriations. Of the harbor bond issue of \$690,000, the city has sold \$603,750 to pay for dredging and for the new inner harbor terminals.

The city decided to go ahead with the dredging of the channels from Point Potrero to the inner and outer harbors at a depth of 30 feet each, without waiting for federal approval in order to expedite completion of the project and make the inner harbor facilities available to ocean-going ships. This forced the city to expend more money without federal aid than contemplated.

Protect Your Furniture

A \$1.25 to \$4 Your Home of Moths May Save You Hundreds of Dollars.

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the place, as deeply as possible, behind the cushions, so that upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the place. When the back is empty, fill them again.

THRIFT

A bank can render no more useful service to its community than to encourage and safeguard thrift. For this reason, the Bank of America extends a sincere welcome to the most modest saver. To the school child, forming the habits that will shape its lifetime...to the young man or woman, planning for education...to the young couple with their eyes on the future...to all who are building for progress, the facilities of this bank are cordially extended.

California's largest state bank is eager to do its part in the building of future citizenship. To this service it brings three score years of banking experience.

We are very proud that on the books of the Bank of America are the names of pioneer men and women who, with their own hands, cleared their lands and built their homes. On the staunch thrift and sterling character of these men and women, the prosperity of California is founded.
